

President's Message

I hope everyone had a great Labor Day weekend, and thanks to Hurricane Dorian the students and teachers get an extended vacation. I do want to remind everyone we have a hold harmless for Trail fee members and anyone else who may drive a private cart on IGCC property. These forms need to be signed and turned into the pro shop or office. If you don't have a way to print one, we do have the forms in the pro shop or office where you can sign. Well now that summer is winding down, I want to Thank everyone for the all the support over the summer months. Hopefully we will get some cooler weather sooner than later.

Until next month.....

Mike Downing

Message from the General Manager

All of the heavy rain we have had this summer has created some problems for the greens. We have experienced cut worms and nematodes recently do to the amount of water. We recently sprayed for both which should help soon. We will have to keep spraying for the next several weeks. We were finally able to top dress last week. Hopefully we get back to a more normal rain pattern soon.

The maintenance crew has been doing all they can to keep up with the growing grass. We have experienced quite a few mechanical issues with the equipment. They are trying their hardest to keep repairing them as soon as possible. The crew is one person short right now. Mike Kopeck is down in Tampa General getting chemotherapy for Leukemia.

Until Next Month...

Jeff Shelton
